

Origami Organs: The Thymus

1. Start with an A4 sheet, coloured side down. Crease into halves. Divide the long side into quarters.

2. Fold the left edge over to meet the three quarter line.

3. Fold the flap back over one quarter.

4. Repeat steps 2 and 3 on the right edge.

5. Fold the corners into the middle.

6. Unfold the corner flaps.

7. Fold in half.

8. Squash the flaps.

9. Tuck the flaps inside.

10. Lift the top flap.

11. Fold the flaps inside.

12. Reform.

13. Tuck the flap inside. Repeat behind.

14. Fold the larger flap into the pocket. Repeat behind.

15. Insert thumbs into the top pockets and spread apart.

16. Flatten the pockets.

17. Complete.
